GOVERNMENT OF INDIA MINISTRY OF HEALTH & FAMILY WELFARE NIRMAN BHAVAN, NEW DELHI - 110011

DO. No: 11023/3/2016-FP

Date: 23rd Jan 2017

Dear,

As you are aware that Government of India has expanded contraceptive choices through introduction of Injectable Contraceptives (under Antara Program) and Centchroman (Chhayya).

The states needs to ensure that all the dimensions of programs are covered for smooth implementation and roll out of new contraceptives. GoI has already successfully completed the following for your state:

- Training of Master Trainers for new contraceptives (MTOT) for service provision.
- Orientation of Program Managers and ASHA nodal officers for involving ASHAs for new contraceptives- in Delhi on 5-6th Dec 2016
- Orientation of Logistic Managers for streamlining supply chain management- in Delhi on 5-6th Dec 2016

Centchroman has already been supplied to the states whereas the supply of Injectable contraceptives will reach shortly.

State needs to take up the following activities urgently and the compliance/report needs to be send to GoI.

- 1. Map facilities for roll out of injectable contraceptives. The facility mapping has been included with the DAP (District Action Plan) exercise.
- 2. State to submit the detailed training and orientation plan for all the trainings and orientation mentioned above for 2016-17 and 2017-18. The training and orientation plan may be submitted to GoI by 30th January 2017 to sikdarsk.dcfp@gmail.com and neidhi03@gmail.com
- 3. States to strictly ensure that the trainings for new contraceptives should be as per GoI guidelines and states to use the standardized GoI manuals and training techniques as conducted in the MTOT for the same.

भारत सरकार

स्वास्थ्य एवं परिवार कल्याण मंत्रालय निर्माण भवन, नई दिल्ली - 110011

GOVERNMENT OF INDIA
MINISTRY OF HEALTH & FAMILY WELFARE
NIRMAN BHAVAN, NEW DELHI - 110011

Dr. S.K. Sikdar

MBBS, MD

Deputy Commissioner

Incharge: Family Planning Division

Telefax: 011-23062427

E-mail: sksikdar.dcfp@gmail.com

sk.sikdar@nic.in

- 4. Ensure availability of required infrastructure, logistics and Infection prevention supplies
- 5. Translation of the Register format and MPA card in local language, if required
- 6. Ensuring the availability of registers (injectable and oral pills), MPA card at the facilities according to the phase of implementation
- 7. Streamlining the supply chain for contraceptives.

The strategic action points and guidance note for State in placed at Annexure 1. The list of participants attended and completed the MTOT is placed at Annexure 2.

Yours Sincerely

Dr. S.K Sikdar Deputy Commissioner (Incharge), FP

Annexure 1: Strategic action points and guidance note

Annexure 2: Training plan formats (to be submitted by States)

Annexure 3: List of participants attended and completed the MTOT (Service Providers)

Annexure 1

New Contraceptive Roll out

Strategic Action 1: Quality Service Delivery

Service Delivery Site:

Injectable Contraceptives:

- The roll out will be in three phases-
 - Phase 1: Roll out in district level facilities (District Hospitals and Medical Colleges)
 - Phase 2: Roll out in sub-district/block level facilities (SDH, CHC/Block PHC)
 - Phase 3: Roll out in PHC and SC
 - For Mission Parivar Districts (Assam, UP, Bihar, Rajasthan, MP, Jharkhand, Chhattisgarh) the roll out will be till the Subcenter level at one go.

Centchroman:

- The roll out will be similar to that of other contraceptive pills (COC and E-pill).
- Roll out will be across all the levels of facility (till SC).
- Centchroman (Chhayya) may also be provided under ASHA kit for community distribution.

Eligibility of Providers:

Injectable Contraceptives:

- Doctors (MBBS and above, AYUSH), SN/LHV/ANM
- **First shot** of injection be administered **under the guidance of a trained MBBS doctor** after proper screening. Subsequent shots may be administered by trained AYUSH doctor, SN/LHV/ANM.

Centchroman:

- Doctors (MBBS and above, AYUSH), SN/LHV/ANM
- For **distribution through ASHA** it is mandatory that the first dose to be prescribed by doctors (MBBS and above, AYUSH), SN/ LHV/ANM after proper screening of the client.

Key action points for State/District:

Facility Readiness:

• Injectable Contraceptives: Mapping the facilities for Phase I/II/III for injectable MPA. (For MPV districts facilities till SC will be covered in one go). Collation of district wise list of mapped facilities and submission to GoI. (The mapping has also been done in DAPs)

- Ensuring adequate infrastructure requirement
- Rational deployment of trained provider.
- Printing and distribution of Record format, register format, MPA card (available in GoI website). Job aids for ASHA, IEC material and other relevant material for health facilities (ASHA job aids will be shortly shared by GoI).
- Distribution of job aids for new contraceptives to ASHA for further distribution to clients
- Ensuring wall writings at the public health facilities to increase awareness on new contraceptives.

Infection Prevention Practices:

- Directions to districts for ensuring availability of IP supplies and bio medical waste management
- Ensuring availability of IP Supplies
- Monitoring and follow up for adherence of IP practices

Monitoring and Reporting:

- Ensuring availability of record keeping and reporting materials (As mentioned in Reference manual for Injectable; Facility register-Annexure 11; Reference Manual for Oral Pills; ASHA format and Facility Register-Annexure 11 and 11A)
- Translation of the Register format and MPA card in local language
- Ensuring the availability of registers (injectable and oral pills), MPA card at the facilities according to the phase of implementation
- Ensuring availability of written instructions/ routine protocols for providing injectable MPA (Antara Program) services
- In Phase I: Monthly desk review at state level
- After Phase I: Quarterly review at State level; Monthly desk review at district level; Fortnight review at DH and Medical College level.

SNo.	Possible Exigency	Possible Actions
1	Adverse event following MPA (Antara Program) (It can be due to drug reaction, program error)	 There are no major complications/side effects of MPA and rare chances of any adverse event which may require a remedial action Ensure that emergency drug tray is available in all facilities Any fatal drug reaction to be reported by district to state and further to GoI within 24 hours. NTFI (National Task force for Injectable) will review such cases
2	Infrastructural and facility insufficiencies	 MPA and oral pills per se require minimal infrastructure and logistics In case of reported insufficiencies at any facility DISC to identify the gaps and status report to be send to SISC.

Strategic Action 2: Capacity Building

The training for New Contraceptives will follow a cascade model. The training/orientation will be provided to the following cadre of the staff:

- 1. Service Providers
- 2. Program Management Staff
- 3. RMNCH+A Counsellors
- 4. Store Keepers
- 5. Frontline workers- ANM/ASHA

Service Provider Trainings:

Level and roll out of training:

- Regional MTOT was conducted at the National Level-(Northern States- 5-6 Dec; Eastern States- 15-16 Dec; Western States- 19-20 Dec; Southern States- 5-6 Jan; NE States- 16-17 Jan).
- Master Trainers nominated from states were trained in each of these regional MTOTs.
- The master trainers' trained during Regional TOTs may be utilized to develop trainers at Divisional level in the state. These divisional level trainers will further train the service providers in the field.
- For smaller states/UTs master trainers may directly be utilized to train district level trainers or service providers.
- State to ensure greater nomination of the nursing personnel (GNM/ANM/PHN/LHV etc) in the trainings.

A. State (TOT) Training of Trainers':

Following the Regional TOT the state will conduct TOTs so as to ensure at least one trainer in each division.

- Number- 1 to 2 (Will vary from state to state as per the number of districts)
- Location- Medical College/District Hospital/State Training Center (any other place with adequate training infrastructure as per GoI Reference Manual for Injectable Contraceptives, 2016)
- Eligibility of Trainers- Master Trainers' trained in Regional TOT
- Eligibility of Trainee- MBBS and above, AYUSH, Staff Nurse (GNM/ANM/PHN/LHV etc)
- Duration: 2 days
- **Batch Size-** 25-30
- Material: Developed and approved by GoI
- Responsibility: State FP and State Training teams
- Funds: NHM PIP
- Agenda: Same as of Regional TOT

B. Training of Service Providers:

Following the State level TOT the state should ensure training of service providers as per the Phase of Implementation, so as to saturate the facilities accordingly.

- Number- Will vary as per the number of participants in the district
- Location- Medical College/District Hospital/District Training Center (any other place with adequate training infrastructure as per GoI Reference Manual for Injectable Contraceptives, 2016 and Reference manual for Oral Contraceptive Pills, 2016)
- Eligibility of Trainers- Trainers' trained in State TOT/ Master Trainers trained in Regional TOT
- · Eligibility of Trainee- MBBS and above, AYUSH, Staff Nurse, LHV, ANM
 - ➤ Phase I- Participants to be nominated from Medical Colleges and District Hospitals
 - > Phase II- Participants to be nominated from SDH and CHC
 - ➤ Phase III- Participants to be nominated from PHC and SC

(For MPV districts the trainings will be till SC level)

- **Duration:** 2 Day (1st Day-Injectable; 2nd Day- Oral Pill) (States are free to club training on Oral Pills with Injectable training according to type of participants or may conduct it separately)
- **Batch Size-** 25-30
- **Material:** Developed and approved by GoI (Reference Manual for Injectable Contraceptives, 2016; Reference Manual for Oral Contraceptive Pills, 2016)
- Responsibility: District FP and District Training teams
- Funds: NHM PIP
- Agenda: As Given in Reference Manual for Injectable Contraceptives, 2016; Reference Manual for Oral Contraceptive Pills, 2016
- **Post Training Follow up:** Follow up should be conducted within 2-3 months by District Training Coordinator/CMO/DQAC/DISC utilizing the Post training follow up checklist as provided in both the above mentioned manuals.

 Action plan should be prepared based on findings of follow up for further necessary actions/retraining or/new trainings

Program Management Staff:

The division/district wise orientation to be clubbed with divisional/district review workshops/meeting

RMNCH+A Counsellors:

State/Divisional level Orientation of RMNCH+A Counsellors

- Number- Will vary according to the number of Counsellors in the State
- Location- State Training Center/Divisional Training Center (any other place with adequate training infrastructure)
- Eligibility of Facilitators- State Master Trainers', State Trainers' for New Contraceptives
- Eligibility of Participants- RMNCH+A Counsellors
- Duration: 1 Day
- Batch Size- 30-40
- Material: Counsellor Orientation material prepared by GoI and will be uploaded on website soon.
- Responsibility: State FP Team, State Training Team
- Funds: NHM PIP

Logistic personnel/Store Keepers:

Level and roll out of training:

- National orientation for Program Managers, State logistic personnel was conducted on 5-6 Dec.
- State to further orient district logistic personnel, block logistic personnel, Facility Store keepers and ANMs on family planning logistic management with a special focus on new contraceptives as per the material and tools shared by GoI.
- NHM funds may be utilized for the same.

Front line workers- ANM/ASHA:

Level and roll out of training:

- National orientation for Program Managers, State ASHA nodal officers was conducted on 5-6 Dec.
- State to further orient district ASHA nodal officers, Block nodal officers, ASHA Facilitators, ANMs and ASHAs on new contraceptives as per the material and tools shared by GoI.
- NHM funds may be utilized for the same.

Exiger	ncy Plan	
SNo.	Possible Exigency	Possible Actions
1	Non Availability of Trainers in the State/District	 The matter should be reported to GoI With facilitation of GoI the trainer can be made available from the nearby state/District
2	Non Availability of the printed Training material	• The state/district should ensure the availability of the training material however in the rare circumstances the Xeroxed copies can be shared with the participants
3	Non-performing Providers	DISC to assess the matter and cause of non-performance and appropriate action in terms of reorientation or administrative action to be taken

Strategic Action 3: Commodity Security

- Written indents should be issued by the store as per GoI logistic guidelines.
- State/District to refer GoI logistic guidelines (D.O.NO.N.11027/1/2015-FP), Reference manual for Injectable Contraceptives, Reference manual for Oral Pills

Important considerations for injectable contraceptives:

- Storage in upright position, in a cool dry, well-ventilated warehouse/storeroom at room temperature between 15-30°C.
- Away from direct sunlight or extreme heat and should not be kept in the refrigerator/freezer.
- In places with lower temperature (<10 degree) the vials may be stored in wooden almirah or in wooden boxes.
- In a warehouse/store should be well equipped with exhaust fans. Additional fans can be used during summer to keep the room at the desired temperature.

SNo.	Possible Exigency	Possible Actions
1	Sudden Shortage of supplies at the facility level	 Indent may be immediately issued to District Store In case the supplies take time to reach from district store, the supplies can be diverted from nearby facility
2	Receipt of near expiry supplies	Divert the supplies to high case load facilities
3	Facilities/providers reporting issues related to quality of commodity.	Record the batch number and immediately report to State authorities and further to GoI.

Annexure 2

Service Provider Training:

Training plan for new contraceptives: (2016-17 and 2017-18)

Name of State	
Number of Districts	
Number of Divisions/Regions/	
Circles	
Number of Medical Colleges	
Number of District Hospitals	

State TOT plan (Combined Training for Injectable and oral pills as per GoI guidelines):

SNo.	Type of	Total Number of	Batch	Total	Date of	Place of
	Training	Participants to	Number#	Participants	Training	Training
		be trained*		in a Batch		_
1	State TOT		Batch 1			
			Batch 2			

^{*}Number of participants for State TOT can be calculated so as to create at one Trainer at each division. For smaller states/UTs trainers can be created at the district level or a master trainer can straight away be utilized to train service providers directly.

Please add rows if there are more number of batches.

Service Provider Training (Combined Training for Injectable and oral pills for 2 days as

per Gol guidelines):

SNo.	Batch Number#	Total Participants	Districts Covered	Date/Month	Place of
		in a Batch		of Training	Training
1.	Batch 1				
2.	Batch 2	*****			
3.	Batch 3				
4.	Batch 4				

Service Provider Training (Training for Oral Pills for 1 day as per GoI guidelines):

(for the facilities where injectable are not rolled out vet)

SNo.	Batch Number#	Total Participants in a Batch	Districts Covered	Date/Month of Training	Place of Training
1.	Batch 1				_
2.	Batch 2				
3.	Batch 3				
4.	Batch 4				

Orientation for involving ANMs and ASHAs:

Orientation plan for new contraceptives: (2016-17 and 2017-18)

Orientation of District ASHA nodal officers or equivalent (as per GoI guidelines):

State to orient district ASHA nodal officers for new contraceptives. The plan to be provided to FP division, GoI in the format below:

SNo.	Batch Number# (Batch strength is flexible)	Total Participants in a Batch	Districts Covered	Date/ Month of Orientation	Place of Orientation
1.	Batch 1				
2.	Batch 2				
3.	Batch 3				
4.	Batch 4				

District ASHA nodal officers to further plan orientation of Block ASHA nodal officers or equivalent/ASHA facilitators. Subsequently Block ASHA nodal officers or equivalent/ASHA facilitators can orient ANM and ASHAs in their area.

ANM/ASHA orientation can be clubbed with the monthly meetings.

Orientation of logistic personnel or equivalent (as per GoI guidelines):

State to orient district logistic personnel or equivalent for family planning esp. new contraceptives. The plan to be provided to FP division, GoI in the format below:

SNo.	Batch Number#	Total Participants	Districts Covered	Date/	Place of
	(Batch strength	in a Batch		Month of	Orientation
	is flexible)			Orientation	Offentation
1.	Batch 1				
2.	Batch 2				
3.	Batch 3				
4.	Batch 4				

District logistic personnel or equivalent to further plan orientation of Block logistic personnel or equivalent and facility store managers.
